1951 Rome–Italy – 24 September
On 24th September 1951 at the FIP Congress in Rome, military pharmacists from 9 countries gathered to discuss the creation of a separate section of Military Pharmacy. The Officer’s Club – Palazzo Barberini – was the place, and the represented nations were: France, United Kingdom, Italy, Yugoslavia, the Netherlands, Sweden, Switzerland, Spain, and United States of America. The meeting was co–chaired by the then FIP president – Dr Höst Madsen, Denmark and Colonel Reusse, France. A decision made during the meeting was that the military section should work together with the civilian sections. They planned for the writing of statutes and aimed for standardization of military pharmaceuticals. It was also decided that reserve medical and pharmaceutical officers were also welcome in the section.

That meeting was also an academic event where four presentations were given:
- “Quality assurance of surgical sutures and catgut” by Colonel Sprengler (Switzerland);
- “Storage and quality control of drugs in the medical depots” by Colonel Guglielminetti (Italy);
- “Fabrication of dry frozen plasma” by General Marcelli (Italy); and
- “Tasks of the naval pharmacist aboard and at shore” by Captain (N) Santo Liquido (Italy).

In 1953 the Military Pharmacy Section was officially created with Colonel Sprengler, Switzerland being elected as the first president of the section. Upon Colonel Sprengler’s retirement in 1953, he was replaced by the Swede Colonel Alm, Director of the Swedish Military Pharmacy Service. He was quite a diplomat and collaborated with the International Committee of Military Medicine and Pharmacy and its president General Voncken, Belgium. At the 1966 Madrid Congress, after 11 years of presidency, Colonel Alm passed the torch to Colonel Wiesendanger, Switzerland. He organised the congresses of Hamburg (1968), Geneva (1970), Washington (1971), Lisbon (1972), Stockholm (1973), Rome (1974), Dublin (1975) and Warsaw (1976). At the Geneva Congress he organised the very interesting visit to the sanitary mountain depots of Kandersteg.

1953 – Paris–France – 16 September
Official creation of the section "Military Pharmacists".
Col Sprengler, Switzerland, President
Col Reusse, Secretary

1954 – 1966
Congresses in London–UK, Brussels–Belgium, Copenhagen–Denmark, Vienna–Austria, Amsterdam–The Netherlands
