By: ALTIERE, Ralph (University of Colorado Skaggs School of Pharmacy and Pharmaceutical Sciences, Aurora, United States of America)

Abstract:

Ralph J. Altieri is Professor and Dean of the University of Colorado Skaggs School of Pharmacy and Pharmaceutical Sciences, USA that is ranked 4th in research funding, top 20 percent of all US pharmacy schools with international education programs including the international PharmD (ITPD) program. His career in education and research spans nearly 40 years including the pharmaceutical industry and 35 years at the Universities of Kentucky and Colorado.

At Colorado, he led conversion from the BS in pharmacy to the PharmD program and had administrative oversight of an innovative online post-BS PharmD program. He held several positions in AACP and is a co-author recipient of local and national innovations in teaching awards and the University of Colorado Anschutz Medical Campus Diversity Awards in 2004 and 2007.

Professor Altieri holds leadership roles in the International Pharmaceutical Federation (FIP): President of the FIP Academic Pharmacy Section and member of the FIP Education Executive Committee, FIP Board of Pharmacy Practice, FIP Congress Programme Committee and FIP Academic Institutional Membership Advisory Group. As part of his FIP work, he has conducted outreach efforts to the International Pharmaceutical Student Federation and pharmacy organizations worldwide including Asia, Africa and Latin America.
